

## **TOUCHSTONE UNIT 14**

Beautifully Renovated. Surrounded by Nature.  
Warm, Welcoming, and Designed for Everyday Living

**Offered at \$459,000**

Experience the perfect blend of inspired design, modern comfort, and natural beauty in this fully renovated home.

Thoughtfully redesigned to make the most of every square foot, this nearly 1,900-square-foot home offers exceptional flow, comfort, and functionality. The combined living and dining area overlooks the expansive Trex deck and peaceful wooded setting, filling the home with natural light and beautiful views throughout the year.

At the center of the home is a cozy kitchen that blends old-world charm with modern functionality. Open shelving, timeless details, and an efficient floor plan create a warm and inviting gathering space. Designed for cooking, entertaining, and everyday living, the kitchen flows effortlessly into the surrounding living areas, making it the true heart of the home.

## **Additional Features**

Two first-floor bedrooms and a full bath with walk-in shower

Spacious lower-level bedroom/living suite with a full bath and soaker tub

Engineered white oak flooring in kitchen and dining/living area

Cozy carpeting throughout the lower level

All-new appliances, including a premium induction range, fridge, dishwasher and washer and dryer

Charming front patio and expansive Trex deck overlooking the woods

Professional landscaping and curated gardens

High-quality finishes throughout

This is more than a beautifully renovated home—it is a place to live, create, entertain, and relax.
